Fast Credit for Cash Deposits

If you routinely handle cash transactions, you know the challenges of keeping paper money secure until you can make it to the bank. Through an innovative partnership with Loomis, Planters Bank provides a convenient and safe way to secure cash deposits at your place of business and gain provisional credit for cash deposits without a trip to the bank.

AT A GLANCE

- Secure cash deposits in a smart safe stored at your place of business.
- Gain provisional credit daily for cash deposited into your on-site safe without a trip to the bank.
- Guarantee security of cash deposits in transit with Loomis armored transport.

Advantages

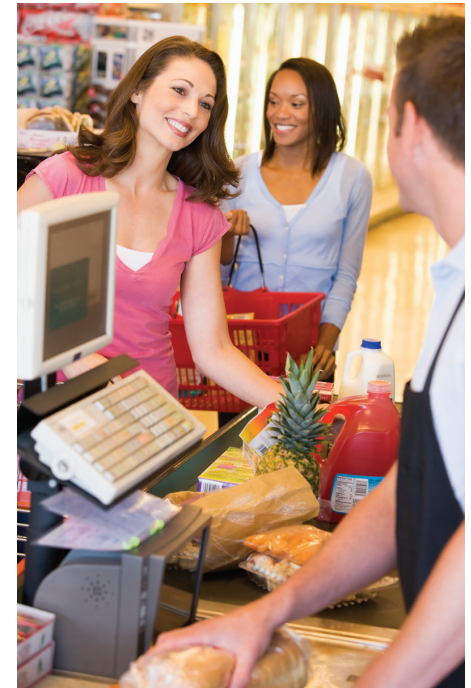

- **Save Time and Money** – No deposit preparation or trips to the bank for cash deposits.
- **Minimum Risk of Theft** – Both internal and external theft can be huge risks for cash-handling businesses. By depositing cash directly into your on-site safe and letting Loomis handle cash transport, you can minimize the risk of both.
- **Faster Credit for Cash Deposits** – Provisional credit for cash deposits is available the next business day for money deposited into your safe.
- **Change Orders** – Schedule orders of rolled coins to deliver when Loomis collects your deposit.
- **Guaranteed Against Loss** – Once validated, your cash deposit is insured against loss due to theft, robbery, fire or flood.
- **Counterfeit Detection** – Smart Safe technology allows the detection of counterfeit deposits faster and more accurately than deposits made at the bank.
- **Detailed Reporting** – On-site or online same day balancing or shift reconciliation, plus daily balance information.

How it Works

1. **Collect cash** in payment for your goods or services.
2. **Deposit cash** into your on-site smart safe provided by Loomis. The safe reads the cash deposit and provides provisional deposit credit for your cash deposit the next business day.
3. **Armored carriers collect your deposit**, empty the smart safe and prepare your deposit for final transport to Planters Bank.
